Subject: A How-to Guide for Chiropractors on Working with WorkSafeBC

Since the new Chiropractic Services Agreement commenced on January 1, 2020, there have been frequently asked questions related to the processes of reporting and invoicing. As such, Health Care Programs is providing *A How-to Guide for Chiropractors*, to supplement the Services Agreement, Reference Manual and Fee Schedule.

The how-to guide is intended to be a quick reference guide however, it is not a stand-alone document and it is intended to be used in conjunction with the Chiropractic Services Agreement, and all the related Schedules A, B, and C. We hope this how-to guide is helpful for you, and can act as a quick reference.

Note: In the event of conflicting information between the How-to Guide for Chiropractors and the Reference Manual, the Reference Manual shall prevail.
